Boys draw explained:

The boys will play against the two other teams in their pool.

They will then be re-pooled with pool winners going into one pool, 2nd place finishers in the second pool, and 3rd place finishers in the third pool.

After this second round of pool play teams will be ranked 1-9 with the top place finishers from each pool switching spots with the bottom place team from the upper pool.

For example if a team finishes third in the top pool they will go into playoffs as team 4 and the top finisher from the second pool will go into playoffs as team 3.

At this point team 9 would be eliminated having played 4 matches and the tournament progresses with 1 vs. 8, 2 vs. 7, 3 vs. 6, and 4 vs. 5 being our quarter finals.

Quarter final losers will move to the consolation semifinal and quarter final winners will advance to the championship semi-final.
